This is a decision on the request for a corrected patent application publication under 37 CFR 1.221(b), received on April 26, 2007, for the above-identified application.

The request is DISMISSED.

Applicants request that the application be republished because Sonja Engelhardt and Sabine Hargrave were not listed as inventors on the front page of the patent application publication.

This period is not extendable." A material mistake must affect the public's ability to appreciate the technical disclosure of the patent application publication, to determine the scope of the patent application publication, or to determine the scope of the provisional rights that an applicant may seek to enforce upon issuance of a patent. ¹
